### 21/03/2017 Panama City (BLD)

The most dynamic capital in Central America, Panama City has both a 'Manhattanesque' business centre and a marvellous heritage-listed old heart. Today we concentrate on the latter with our city tour of the area known as Casa Vieja, which abounds with superbly preserved and restored historic buildings. This was the second city of Panama, founded in 1673 after the destruction of the first city and constructed as a fortification to protect it from pirate attack. Today, the restoration of colonial convents and residences continues and gives a sense of how magnificent the area must have looked in past years. In the afternoon we drive to the Miraflores Locks for our first view of the magnificent Panama Canal.

### 22/03/2017 Panama City (BLD)

This morning we visit a fascinating community of the Embera Indians. Originally from the remote Darien rainforest area of Panama, these people dress very much as they did when Christopher Columbus arrived in the 1500s.

### 23/03/2017 Panama City (BLD)

Today we experience the Panama Canal by ship, train and coach. Completed in 1914, the 77-km stretch of water, affectionately known as 'the Big Ditch', remains one of the greatest engineering achievements in history. Commencing on the Pacific coast, our voyage takes us through the incredible locks of Miraflores and Pedro Miguel as well as the extraordinary Gaillard Cut. Disembarking in Gamboa, we continue by road to Colon on the Atlantic coast where we board the Panama Canal Railway – the world's first Trans-Continental rail route which cuts through dense jungle alongside the canal. We arrive back in Panama City in the evening after a momentous day.

### 24/03/2017 Panama City – San Jose (BLD)

Today we board our flight to San Jose, capital of Costa Rica.

Depart Panama City Copa Airlines CM 144, 09.05

Arrive San Jose 09.30

Today is a visual feast of sightseeing. We drive first to the famous Poas Volcano, just outside San Jose, where the view of the volcano from the rim of the crater is breathtaking. Heading towards the Caribbean zone of Costa Rica, we visit the La Paz Waterfall Gardens. After a short stroll along spectacular trails, we see the beautiful Magia Bianca Falls and the world's largest butterfly observatory.

### 25/03/2017 San Jose – Tortuguero (BLD)

After breakfast we drive to the Caribbean side of Costa Rica, to the stunning Tortuguero National Park. The park has an incredible biological diversity, due to the existence within the reserve of 11 different habitats including rainforest, swamps, beaches and lagoons. It is very humid due to its tropical climate and receives 250 inches of rain a year. Tortuguero is not accessible by road so we make the final part of our journey by boat. We stay at the delightful Evergreen Lodge, on the banks of one of the waterways that make up this extraordinary area. After lunch we enjoy a twilight river safari.

Pachira Lodge

Tortuguero

### 26/03/2017 Tortuguero (BLD)

Today we again venture into the national park which is home to hundreds of endangered or threatened species, including jaguars, tapirs, ocelots, cougars, river otters, and manatees. As well as amphibians, reptiles and mammals, there are 300 bird species including the great green macaw and swallow-tailed hawks and vultures. The wide-open canals make viewing easier than at many other parks – superb for spotting crocodiles, giant iguanas, and basilisk lizards basking atop the branches. Many of the animals found here are under threat from fruit plantations, logging companies and hordes of cattle that use the grounds near the park gates for grazing.

### 27/03/2017 Tortuguero – La Fortuna (BLD)

We leave Tortuguero and drive to the shores of Lake Arenal where a boat awaits us. We cross the lake and continue by road to the town of La Fortuna, in the shadow of the mighty Arenal volcano. The rest of the day is at leisure. We stay in one of the country's most famous hotels with fantastic views of the volcano, where you can soak up the sight as you soak in the hotel's luxurious hot pools.

Arenal Kioro Hotel

La Fortuna de San Carlos

### 28/03/2017 La Fortuna (BLD)

The Arenal is one of the world's most active volcanoes and a truly stunning sight. Today we explore the area thoroughly and may even see the volcano erupt. We also explore the surrounding forest, which is home to a dazzling array of flora and fauna.

### 29/03/2017 La Fortuna – Monteverde (BLD)

After breakfast we cross the Arenal Lake to Monteverde. The Monteverde Cloud Forest Reserve is acclaimed as one of the most outstanding wildlife sanctuaries in the Americas and includes eight distinct ecological zones. It protects more than 400 species of birds and more than 100 species of mammals. In addition to the gloriously dazzling quetzal, we may see the endangered

bellbird, or emerald toucanet. There are also 30 species of hummingbirds. Before dinner we enjoy a night hike through the forest, with the chance to see sloths, foxes, coatis, raccoons and many other animals.

## TREASURES OF CENTRAL AMERICA

If I am coming from Perth or any other major capital city in Australia, will it be possible to overnight in Sydney before the journey to Los Angeles?

Yes. We find many of our guests choose this option. We use a good hotel at Sydney airport. Just let our consultants know if you want to take up this option and we will make the booking on your behalf.

How long is the flight from Sydney to Los Angeles?

Flying time is 13 hours and 35 minutes.

Is personal security a problem in Central America?

In most of Central America security is not a big problem. However we remind our guests of the need to take sensible precautions. These include not wearing ostentatious jewellery, not showing or counting money in public, and not going to certain areas at night. Basically it's a case of using common sense, particularly in large cities.

How much spending money do I need for the entire trip?

Because almost everything is included, we would suggest an amount of USD \$1200 per person as being ample for the whole journey. However, if you're a keen shopper and like to buy lots of gifts and souvenirs, you may require more.

Are credit cards acceptable?

Credit cards are generally acceptable for purchases throughout the tour. ATMs are available in most of Central America for cash withdrawals. However we don't recommend relying solely on these as the main source of funds – we suggest taking some cash in USD.

Do I need vaccinations for this journey?

IMPORTANT: A yellow fever vaccination is mandatory on this tour and the certificate for the injection must accompany each passenger, as, on arrival in Sydney, Australian immigration may ask to see it. In the rare case where a person cannot be given the vaccine, a certificate of waiver must be obtained. Tetanus should always be up to date and typhoid and hepatitis vaccinations are recommended. As we travel into malarial areas, a powerful insect repellent is essential and anti-malaria tablets are recommended. We suggest that you also seek advice from your doctor.

Is the water safe to drink en-route and what is the general standard of hygiene?

We err on the side of caution on all of our tours and advise travellers to drink only bottled water. This is easy to obtain everywhere. The standard of hygiene in Central America is surprisingly high along the entire route. We recommend the use of hand sanitiser before each meal and occasionally during the day, as we will be handling local money and visiting public places.

What is the climate like at this time of the year?

December to March is the dry season in Central America with temperatures typically in the low to mid 20s.

Do I need visas for Central America?

There are no visas required for this tour. However, each traveller must apply on-line for the USA Visa Waivers Program prior to travel, at <https://esta.cbp.dhs.gov/esta>. The cost is US\$14 and the visa waiver is valid for two years.

**A lot of companies have many expensive optional extras on their tours. Do you?**

We don't believe in a lot of expensive 'optional tours'. Our itineraries are designed to make the best possible use of time and to include all the must-see sights, plus additional surprises. Therefore practically everything is included in the tour cost.

**What is the standard of hotels like on this tour?**

We endeavour to use centrally located hotels throughout. The hotels on this trip are of a high standard and generally between 4 and 5 star.

**What currency should I take?**

The currency for this journey is US dollars. They should be in low denominations, clean and undamaged, and post-2006.

**Are internet facilities available en-route?**

Internet facilities are now available in Central America and some of the hotels we use have business centres with access to the internet at quite reasonable prices.

**Do mobile telephones work?**

Telstra and Optus mobiles work for most of the journey. You will need to ensure you have global roaming and a tri-band phone. Contact your service provider for further details.

**How much should we tip the guides and porters?**

There is no need to tip guides or porters as all tipping and gratuities are included in the tour cost.
